DESCRIPTION

This 1967 Series 1 ½ E-type Coupe is finished in the popular colour of Opalescent silver grey with a red leather interior. The car features a number of upgrades, to make it a very useable vehicle, but without taking away the character of the E-type. The car features a Jaguar Classic 5 speed gearbox, a Jaguar Classic Infotainment system as well as the more modern XJS seats to aid comfort (the original seats are supplied with the car and can be refitted should the next owner prefer the more classic look). Likewise the whitewall tyres can be changed for conventional tyres should the new owner desire. The car was supplied by us to its current owner back in 2019 having been freshly restored by an E-type specialist, and it has been serviced by us in the intervening time. Still in fabulous condition, this E-type would make the perfect vehicle for long distance touring, the five speed gearbox very much ideal for cruising along the motorways. The E-type will be supplied with 12 months warranty as well as undergoing thorough preparation in our own workshop here at Jaguar Land Rover Classic.
