DESCRIPTION

In 2016 Land Rover Classic announced their plans to build 25 “Reborn” Series 1 Land Rovers. Demand was so great that planned run was immediately doubled to attempt to satisfy demand. Starting with an age-appropriate donor, the vehicles undergoes a restoration of a quality never normally seen on a Series Land Rover. This particular car, is a 1950-model “lights behind the grille” 80 inch Series 1. The car is finished in the ubiquitous Bronze green, with period-correct green vinyl upholstery and a khaki canvas hood. The car has covered less than 500 miles since being “Reborn”. The car has been prepared for sale in Land Rover Classic’s own workshops, and is supplied with 12 months warranty and 12 months breakdown cover to its new custodian.
