DESCRIPTION

One of the last Defenders with upmarket equipment and a stunning colour combination. This vehicle comes with ABS/ETC/DSC (stability programme), air conditioning, central locking, electric windows, premium leather seats, 16" Saw-Tooth alloy wheels, 235/85 R16 tyres, a black pack, side running boards, and an Alcantara roof lining. With its unmistakable design, world-renowned off-road capability, and unshakeable robustness, this Defender is a true collector's item with cult status. Its unique characteristics have garnered a large fan base, making it the ultimate 'go anywhere vehicle'. This particular example has had only one previous owner and has been regularly serviced. The underbody has been ice-blasted, resealed with wax, and a fresh inspection has been carried out. It is now ready for use and enjoyment. Customisations for the audio system, interior, or wheel/tyre combination, including WORKS V8 wheels, can be arranged according to your preferences at an additional cost.
