DESCRIPTION

1 of 10 limited Works V8 Dakтари Inspired by the discoveries and adventures of the 1960s in Africa. The Classic Defender Works V8 - Dakтари Edition. In collaboration with our experienced colleagues at Land Rover Germany, we at Classic have created the Dakтари Edition and developed it with our team in the UK. Closely based on a typical Land Rover 109 Series 2a from that great era, we opted for the colour Dark Grey, the car roof in White, the steel rims in the car colour, the bumper in silver and a distinctive sign on the side with the permissible payload. The interior colour in Caraway is based on the colour of the savannah in Africa and perfectly matches the exterior colour Dark Grey. Other features include the Land Rover Classic radio with DAB, Bluetooth and navigation and a 'Land Rover Dakтари' emblem created for this edition on the tailgate and the original Land Rover winch on the front. Every Land Rover Classic Defender with Works V8 powertrain has been reworked for the ultimate Defender experience. They are equipped with an OEM 5.0-litre V8 petrol engine from Land Rover with 405 hp and 515 Nm of torque, coupled with the 8-speed automatic transmission from ZF. The driving experience is enhanced by the tuned Eibach suspension developed for the Works V8 Defender with revised coil spring rates, damper,

anti-roll bars and an upgraded Alcon braking system for greater dynamism and safety on the road The Daktari edition was only built in an exclusive run of 10 vehicles. with 90 Station Wagon, 90 Soft top and 110 Station Wagon variants. The edition is sold out. This example is for sale on behalf of a customer due to special circumstances.
