DESCRIPTION

JLR Classic launched its Classic Defender V8 by Works Bespoke in September 2024. Giving clients the opportunity to specify a fully restored Classic Defender V8 to reflect their personality, with an extended choice of materials, interior and exterior colour combinations, finishes, accessories, and upgrades. Remastered by hand in the UK by our expert Land Rover Classic engineers, each vehicle is fitted with a genuine Land Rover 405hp OEM 5.0 litre petrol V8 engine, producing 515Nm of torque, mated to an eight speed ZF automatic transmission. This particular vehicle is the 110 right-hand drive vehicle that has been used to support the launch, being driven by the press and displayed at events. Finished in Marine Blue with Liberty Blue and Perlino duotone interior. The vehicle also features a Heritage grille, 16" Limestone "Wolf" wheels, LED headlights, an expedition cage, spotlights, sill protectors and a steering guard. The vehicle has covered less than 5,000 miles since being rebuilt as a Works V8. Available for immediate delivery and supplied with 12 months warranty and 12 months breakdown cover.
